Overview Youth Work

Working with young people with less opportunities

This chapter is special in the Vision and Animavision videoschool. Its purpose is to collect and share stories from different youth workers from different countries in which they share their experience and useful practices on how to include young...

Working with young people under extraordinary conditions

The Animavision project started shortly after the first coronavirus outbreak in 2020 that influenced the project work enormously. In this chapter we youth workers share our stories on how we coped with new situations and tried to implement the...
